OMEGA 6.5 CREEDMOOR AMBI BY FALKOR DEFENSE

MSR $3,900*

The FALKOR Omega 6.5 Creedmoor AMBI is a true precision rifle. Built on our best of industry solid billet aluminum chassis featuring our Patent Pending true mirrored Ambi controls, the Omega 6.5 Creedmoor AMBI is arguably the most innovative, accurate and reliable AR platform rifle on the market. Featuring our Transition MLOK™ compatible rail, specifically designed to increase the strength and integrity of the union between the barrel and upper receiver. When combined with the DRACOS StraightJacket® Barrel, the result is unparalleled accuracy.

The Omega 6.5 Creedmoor AMBI is loaded with features including the TriggerTech Adaptable AR Primary Trigger, Ambi fire selector and adjustable rifle length buttstock. Each component is designed with the professional end user in mind and machined to aerospace tolerances in FALKOR's Montana based headquarters. All FALKOR rifles are fitted and assembled by hand and carry an industry leading Limited Lifetime Warranty.*
